

EVALUATION OF INSTRUCTIONAL PROGRAMS

6180.

EVALUATION OF INSTRUCTIONAL PROGRAMS 6180

Procedures for program evaluation shall be established and maintained. Elements of this evaluation may include:

nationally standardized general achievement tests, national standardized tests in specific areas, and tests administered by other agencies;

studies of students' high school and dropout records;

evaluations by teachers and parents of student behaviors;

utilization of out-of-system services, participation in regional research studies, contracted evaluation services; and

systemwide criteria-reference tests keyed to local curriculum objectives.

It shall be the responsibility of the Superintendent to report the results of such program evaluation periodically to the Board.
