

SECTION 504-NOTICE OF PARENT/STUDENT RIGHTS THE REHABILITATION ACT OF 1973 5010.11 (E)

[School districts are required by law to provide notice of parent/student rights under § 504. Reference to ADA is also included in this notice because there is overlap between § 504 and the ADA. This suggested notice is not part of the model policy, but must be disseminated annually to parents. We recommend inclusion of this notice within your student handbook.]
