ENROLLMENT IN AN ADVANCED COURSE OR PROGRAM AND CHALLENGING CURRICULUM 6400

The Meriden Board of Education (the “Board”) understands the importance of providing opportunities for students to enroll in an advanced course or program and offering students challenging curriculum in the Meriden Public Schools (the “District”). In accordance with Connecticut law, this policy shall explain the manner in which the District determines eligibility for enrollment in advanced courses or programs and creates academic plans for students in the District.

I. Definitions

For purposes of this policy:

"Advanced course or program" means an honors class, advanced placement class, International Baccalaureate program, Cambridge International program, dual enrollment, dual credit, early college or any other advanced or accelerated course or program offered by the Board in grades nine to twelve, inclusive.

“Advanced placement” program is a program authorized by the College Board that offers college-level courses and exams that students take in high school.

“Cambridge International program” is an internationally recognized academic program for students aged five (5) to nineteen (19). High school level courses, available only through approved Cambridge International Schools, provide students the opportunity to earn postsecondary credit that is accepted by colleges in the United States and abroad.

“Dual credit/Dual enrollment” courses are college courses offered by high schools in partnership with a college or university. Students taking these courses in high school are simultaneously enrolled with the partner higher education institution. Students who successfully complete a dual credit/dual enrollment course earn credit toward high school graduation as well as college course credit that appears on a student transcript issued by a college or university.

“International Baccalaureate (“IB”) program” is a program that offers international education through four programs for students aged three (3) to nineteen (19). The four programs are: Primary Years, Middle Years, Diploma Program, and Career-related Program. Schools must be authorized to teach IB programs. Every authorized school is known as an IB World School.

"Prior academic performance" means the course or courses that a student has taken, the grades received for such course or courses and a student's grade point average.

II. Eligibility Criteria

Consistent with state law, the District will identify students in grades eight and nine who may be eligible to take or enroll in an advanced course or program. Students will be eligible to enroll in advanced courses or programs throughout their high school career, even if they are not identified as eligible in grades eight or nine.

Eligibility for enrollment in an advanced course or program shall not be based exclusively on a student’s prior academic performance. There are multiple methods by which a student may satisfy the eligibility criteria for enrollment in an advanced course or program, including:

• Recommendations from teachers, administrators, school counselors or other school personnel.

III. Creation of an Academic Plan/Challenging Curriculum

The District will create an academic plan for each student who is identified in grade eight or nine as eligible for enrollment in an advanced course or program. Such plan will be designed to enroll the student in one or more advanced courses or programs and allow the student to earn college credit or result in career readiness. Such academic plan will also be aligned with:

• The courses or programs offered by the Board,• The student’s student success plan, created pursuant to Conn. Gen. Stat. § 10-221a(j), • High school graduation requirements, and • Any other policies or standards adopted by the Board relating to the eligibility for student enrollment in advanced courses or programs.

The academic plan may be part of the student’s success plan, which plan is required for each student by Conn. Gen. Stat. §10-221a.

A student, or the student’s parent or guardian, may decline to implement the provisions of an academic plan created for such student.

IV. Guiding Principles and Implementation The Board recognizes that course access and academic planning should be guided by considerations beyond traditional course eligibility criteria.

The Superintendent or designee shall be responsible for implementing this policy and developing procedures in furtherance of this policy and in accordance with guidance provided by the Connecticut Department of Education.
